

GUARANTEED RIDE HOME PROGRAM POLICY

Attention All Employees:

If you are a **registered** Alternative Mode User (AMU) and need a ride to deal with an emergency, please contact the Transportation Department so transportation can be arranged:

Transportation Office (623) 707-4526

We offer this to reduce the worry of being “stranded” on days you do not drive your own vehicle. A company vehicle or co-worker will be made available as quickly as possible.

Please Note: You are limited to using this option to **once per quarter**.

If you have any questions, please contact the Transportation Coordinator:
