Week 2: June 7-10, Monday-Thursday

This program allows students to have an opportunity to receive additional online instruction in the core subject areas of reading, math, and writing linked to the AZ State Standards. The program will be open to all CBCS students entering Kindergarteners → 5th grade students.

Parent/Guardian Involvement:

For an effective summer virtual program, parent/guardian involvement is necessary to support at home learning efforts. Parents/Guardian will help support the schedule, participate in activities as needed, and ensure child participation.

- Daily teacher meeting on an online platform for daily attendance
- Telephone calling is a back-up method for attendance with those with no internet connection
- Daily participation in work
- Turning in work via online learning suite and transportation pick up

Students who are not participating or completing work during the summer program may be dropped from the program if contact or communication between the student and school is in excess of 3 consecutive days.

Students will receive "effort grading" on a weekly progress in the form of: E (Exceeds), M (Meets), N (Needs improvement)

We feel that your child will benefit greatly from our program.
