Child Nutrition Department—On Line Payment Update

The Child Nutrition Department is no longer using EZSchoolPay as our parent payment /information module. We have switched software companies and will be using Titan K12. We have transferred all student balances into the Titan software system, but were unable to transfer parent information/accounts. Parents will need to register a new account at <https://family.titank12.com> then add your child(ren) to your Titan account. After completing these steps you will see their current balance status. This parent portal is the same concept as EZSchoolPay, however it gives us up to the second syncing capabilities where EZSchoolPay took up to 15 minutes to sync online payments or hours to sync transactions. Titan also allows parents to complete applications online for free &/or reduced price meals, set up low balance reminders and view meal transactions.

One of the biggest ways parents and community members can help our schools is to donate their [Arizona tax credit](#) money. People who file jointly can donate up to \$400, while people who file as a single head of household can donate up to \$200
