

Early Entrance to Kindergarten

Thank you for expressing an interest in having your child considered for early entrance into kindergarten for the upcoming school year. A child is eligible for admission to kindergarten if the child is five years of age by August 31st of the current school year. If the child turns five between September 1st and December 31st of the current school year, they are eligible to apply for Early Entrance testing.

Please note that the Kindergarten Readiness Assessment evaluates both successful academic performance as well as social maturity, both of which are essential for future success if admitted into kindergarten early.

Please read and initial the statements below indicating you have read and understand the terms and policy of placement should your child qualify to enter kindergarten for the 2021-2022 school year:

- ___ I understand there is a \$30 fee that is NON-REFUNDABLE.
- ___ I understand that parents are not allowed in the testing room at any time.
- ___ I understand that our child's results will be mailed to the address provided on the application within two weeks of testing. Results will NOT be released by phone.
- ___ I understand that ALL RESULTS ARE FINAL and there is not an appeal process. If your child does not score within the required levels, they will not be permitted to retest.
- ___ I understand that if my child passes, a birth certificate must be presented in order to register.
- ___ I understand that if my child is admitted into kindergarten, he/she will be given a 30-day observational period once school begins. If my child is having difficulty adjusting to kindergarten, he/she may be withdrawn from the program upon the recommendation of the teacher and principal. That decision is final.
- ___ I understand that if my child passes and is admitted into kindergarten, he/she will be promoted to 1st grade for the 2022-2023 school year if the classroom teacher recommends promotion. Parents do not have the option to have their child repeat kindergarten.
