AGENDA

- 4) Request to discuss with possible action on the date for reopening the school following the metrics given by Arizona Department of Health Services.** The staff has been checking the Arizona Department of Health metrics for Yavapai County Reopening Guidelines weekly. The included map is Yavapai County now in green for all three areas for schools to open. The superintendent has also worked with Leslie Horton on the local data as to reopening. It is the recommendation of Administration to open August 31 to on-site learning in classrooms. Families may still use the on-line delivery of instruction until they are ready to return. Families that may need to quarantine or isolate will be able to continue the child's instruction on-line throughout the year as needed.
When the on-site support started August 17th, the enhanced cleaning protocols, and distancing plans have been monitored for efficiency and safety. The District Team met August 19th to review the mitigation plan and discussed areas of strength and areas to tighten. Families were surveyed August 20-24th as to their preference for learning. This data will be compiled, shared and used for opening plans.
