Friends and Family of Addenbrooke K-8,

HAPPY FALL BREAK, we made it this far! I am so happy to have a few days to refresh and come back ready to make it until Thanksgiving break. These first weeks of school tend to be very intense. We are into routines, have done our assessments and conferences and after this break often just clicks into working like a machine.

I can't believe how well the PJ day went! I appreciated your support of this event and the emails I received from parents about the excitement of this day was so much fun. We collected over \$1500 today for our greenhouse! Mrs. Hagen will be consulting with the facilities team and then we will get this ordered as soon as possible. This is truly an amazing pull of our families who are so supportive of these endeavors. I can't wait to see our greenhouse and see how the students' learning is enhanced. Secretly, I am hoping I get to have a few garden tomatoes or cucumbers, they are my favorite.

Finally, we have one more opportunity for families to purchase the ACA sweatshirt or ACA masks. The link to purchase is <https://addenbrooke2020-2.itemorder.com/sale> .

Have a great week and stay healthy,

Julie Spencer
