

BRAINATION / FSP

“Change it UP”

Change it Up

BRAINATION and FoodService Peeps have partnered and started a “Change it Up” campaign to offer a fresh and exciting menu on May 1, 2020. The current unprecedented national health crisis has challenged the school in many ways and specifically in providing daily meals to students. BRAINATION modified its menus and delivery procedures to ensure the safety of the students and community. Everyone has been patient and it has not gone without recognition and appreciation. It’s time to “Change it Up”, BRAINATION and FoodService Peeps has worked out an event to bring something exciting and fresh to the current situation. FoodService Peeps is bringing back “Live Action Cooking” on May 1, 2020. FoodService Peeps will adhere to all health and social distancing guidelines to ensure everyone’s wellbeing.

May 1, 2020
