

Student Vehicle Policy

We permit legally licensed Animas High School Students to drive a vehicle to campus. We require all drivers and students to comply to our policy as follows:

- We require registration of all vehicles parked on campus. You may pick up and complete a registration form in the high school office.
- Driving/parking on school grounds constitutes express permission by the student and parent to allow search of the vehicle by authorized school officials at any time it is on the premises.
- We require all vehicles to park in the designated parking spaces in the parking area west of the high school.
- We require adherence to safe driving practices and the speed limit of five miles per hour.
- We will not tolerate unbecoming behavior in either a parked or moving vehicle on the premises.
- We do not permit students to sit in vehicles before school or during lunch.
